

Job Title: Visiting Assistant Professor (Replacement teacher for the Croucher Senior Research Fellow)

Department: Division of Life Science

Job ID: 3742

Job Posting Details

The Division of Life Science at the Hong Kong university of Science and Technology invites applications for Visiting Assistant Professor for the 2018/2019 academic year. The appointee will teach courses in the area of life science, preferably in macromolecular structure and functions, advanced biochemistry, NMR and X-ray crystallography, at both undergraduate and postgraduate levels. Some other academic, research and administrative duties may be required.

Applicants should have a PhD degree in the area of life science. The appointee should have proven ability to teach effectively in English. (Duration: 1 year)

Starting salary will be commensurate with qualifications and experience. Fringe benefits including annual leave, medical and dental benefits will be provided. A gratuity will be payable upon successful completion of contract.

Application Procedure

In support of a green work environment, we accept applications submitted online only. To apply, please complete an online application form through the HKUST Careers website (<http://jobs.ust.hk>) and return it online to the Human Resources Office on or before **Wednesday, 7 February 2018**. Applicants will receive an acknowledgement by email upon successful submission. We thank applicants for their interest, but advise that only shortlisted candidates will be notified of the result of the application.
